The following questions address recent mental health and chemical or psychological dependency matters. The purpose of these questions is to determine the current fitness of an applicant to practice law. Each applicant is considered on an individualized basis. The mere fact of treatment for mental health problems or chemical or psychological dependency is not, in itself, a basis on which an applicant is ordinarily denied admission to the Colorado bar. The Office of Attorney Admissions regularly recommends licensing of individuals who have demonstrated personal responsibility and maturity in dealing with mental health and chemical or psychological dependency issues. The Board encourages applicants who may benefit from treatment to seek it. As indicated in the Rules Governing Admission to the Bar, all proceedings conducted pursuant to the Rules are confidential, with certain limited and enumerated exceptions; further, no information is disclosed without giving the applicant advance notice and an opportunity to object. See Rule 211.1.

On occasion a license may be denied when an applicant's ability to function is impaired in a manner relevant to the practice of law at the time that the licensing decision is made, or when an applicant demonstrates a lack of candor by his or her responses. Protection of the public that will receive legal services underlies the licensing responsibilities assigned to the Office of Attorney Admissions. Furthermore, each applicant is responsible for demonstrating that he or she possesses the qualifications necessary

to practice law. Your response may include information as to why, in your opinion or that of your treatment provider, your condition will not affect your ability to practice law in a competent and professional manner.

The Office of Attorney Admissions does not, by its questions, seek information that is characterized as situational counseling, such as stress counseling, domestic counseling, and grief counseling. Generally, these types of counseling are not viewed as germane to the issue of whether an applicant is qualified to practice law.

*** I have read, understand and acknowledge the above.**

37. This question number has been intentionally left blank. DO NOT ANSWER.

38. Within the past five (5) years, have you exhibited any conduct or behavior that could call into question your ability to practice law in a competent, ethical, and professional manner? If YES, complete FORM 38. Duplicate FORM 38 as needed.

39. Do you currently have any condition or impairment (including, but not limited to, substance abuse, alcohol abuse, or a mental, emotional, or nervous disorder or condition) that in any way affects your ability to practice law in a competent, ethical and professional manner? As used in Question 39, "currently" means recently enough so that the condition or impairment could reasonably have an impact on your ability to function as a lawyer. If YES, complete a separate FORM 39 for each service provider. Duplicate FORM 39 as needed.

40. If your answer to Question 39 is YES, are the limitations caused by your condition or impairment reduced or ameliorated because you receive ongoing treatment or because you participate in a monitoring or support program? If YES, complete a separate FORM 40 for each service provider. Duplicate FORM 40 as needed.

If YES, complete FORM 41. Duplicate FORM 41 as needed.
